OTTAWA, ON., – Effective today, Fertilizer Canada’s Board of Directors has appointed Sarah Fedorchuk, of the Mosaic Company, as Chair for a two-year term.

“Sarah has been a valued member of our Board since 2016, and during this time the association has benefitted greatly from her expertise in advocacy and communications,” said Karen Proud, President and CEO, Fertilizer Canada. “As Chair, Sarah will continue to help guide the Association as we advocate for policies with both the provincial and the federal governments that reflect the business needs of our membership.”

“The fertilizer sector — and the world in which it operates — is evolving,” said Fedorchuk. “I look forward to working with the members and staff at Fertilizer Canada as we elevate programming, policies and communications initiatives around the business of fertilizer. At the same time, showcasing Canada’s agriculture sector as a world-leader in sustainability and climate change mitigation is important.”

Fedorchuk is the Vice President of Government & Public Affairs for the Mosaic Company in North America. Fedorchuk has worked at Mosaic for over a decade, having had a number of different roles within the organization.
