The 15th Canadian Fertilizer Products Forum

Canadian Food Inspection Agency

Fertilizer Safety Section

February 2, 2022

Objectives

- To share annual updates on Fertilizer program administration (service delivery standards, outcomes of marketplace monitoring activities, emerging risks)
- To provide an overview of the current policy initiatives under way at the CFIA
- Collect feedback, views and perspectives of the stakeholder community on the four policy projects:
 - N and P tolerances
 - Expanded definition of a “supplement”
 - Procedures for making changes to the List of Primary Fertilizer and Supplements
 - Dual Property products (PMRA/CFIA)
- Seek industry’s endorsement for the path forward and proposed timelines for implementation
- Engage in discussions on priorities, opportunities and challenges facing the sector

15^e Forum canadien annuel sur les produits fertilisants

Agence canadienne d'inspection des aliments

Section de l'innocuité des engrais

2 février 2022

Objectifs

- Partager des mises à jour annuelles sur l'administration du programme des engrais (normes de prestation de services, résultats des activités de surveillance du marché, risques émergents)
- Donner un aperçu des initiatives politiques actuellement en cours à l'ACIA.
- Recueillir les réactions, les points de vue et les perspectives de la communauté des intervenants sur les quatre projets politiques:
 - Tolérances en N et P
 - Définition élargie d'un « supplément »
 - Procédures pour apporter des changements à la liste des composants de base des engrais et suppléments
 - Produits à double propriété (ARLA/ACIA)
- Obtenir l'aval de l'industrie pour la marche à suivre et les échéanciers proposés pour la mise en œuvre
- Participer à des discussions sur les priorités, les opportunités et les défis auxquels le secteur est confronté
